Finding Dory: Directed by Andrew Stanton, Angus MacLane. Ellen DeGeneres, Albert Brooks, Ed O'Neill, Caitlin Olson. A friendly but forgetful blue scent...and I should if it wasn't so sad. Dory is a mermaid who has cancer and is trying to return to her home sea, but she has been trapped in an aquarium that is located in her home town. In this aquarium, Dory meets many other sea creatures (including humans, who also happen to live in the aquarium), and they all help her return to her homeland, but she needs help to get there.
