display HEX, HTML HEX, RGB, HSV and HSL codes for the selected color. The program also allows you to save the grabbed colors in a list for later use. Features: - Display multiple colors at once - Color picker tool included - Automatic color picking tool - Option to save colors to files - Option to save colors to files in list - Share colors via email - Show HEX, RGB, HSL, HSV codes - Show HEX, HTML HEX, RGB, HSV and HSL codes - Allows you to save the grabbed color codes for later use - Can work online, offline - Free to try, no registration required our rail-running experience, but the service was wonderful and the attitude of the staff was amazing.

Marvellous food, homely atmosphere, lovely and knowledgeable staff: what more could you ask for? The roast duck was heaven. The lunch was superb. Service was excellent and the food spot on. I was inspired to order duck as a main course from the starter selection. Creamed potato had much more flavour than I expected and the polenta was piping hot. Also had a delicious icecream which was creamy and delicious. All very tasty and the staff very friendly. Would recommend the lunch (without hesitation) but would not go back to Curry Club in the evening because of the food. I visited this highly recommended restaurant for dinner on Friday and Saturday. I would have given it 5 stars but the service was a little slow, the food was good and the atmosphere was very pleasant. The only problem was the lack of tablecloths and wine glasses - but I can live with that. We were on a stag do and were so glad we were given a free meal at this restaurant. The curry that we had was absolutely amazing. The decor and the staff were awesome, everyone was friendly, the drinks were good and the food was excellent. The quality of the food was really good, as expected. The service was superb and the drink selection was also good. On the pre-dinner drinks drinks at the pool bar, the only problem was the people at the bar were totally out of it. They were all really bladdered
