Category:Airport design Category:Runways Category:Aerodromes Category:Airports(CNN) -- Maybe you have a teenage daughter who looks like a celebrity. Or a teenage son who looks like Justin Bieber. More than 30 people have grown their hair long enough to cover their ears. As a trend, it's something parents could frown upon, but that hasn't stopped mothers across the country from growing their daughters' hair long enough to cover their ears -- just because their daughters look like celebrities. On Friday, Brittany Schenk posted a photo to Facebook and the photo has since gone viral on the social networking website, and received more than 1 million likes. How does that even happen? More than 30 parents around the country were willing to share what they had done to their hair, when they snapped a picture of their daughters, or their sons, with their ears completely covered by hair. Here are the images of some of the men in the tweet: Brittany Schenk Here are the women who have taken their daughters' fashion trends and made it into a reality: Christin Walsh Aislinn O'Brien Jennifer Och Jen Chamberlain Here are the women who have taken their sons' fashion trends and made it into a reality: Laine Walsh Krystal Groh Marylin Groh Danielle Och Amy Wright Amy Grubb Aimee Lach This is a sample of some of the more normal moms who posted photos to Facebook.
