Real Madrid 11/24/2016: Marcelo Only Key to Success for Real Madrid Real Madrid midfielder Marcelo has contributed to the team for the past five seasons, with his passing vision and ability to play out of the back being keys to his approach and development at the club. Marcelo will play a similar role this season, as he will be one of the key players in the central midfield with new signings Luka Modric and Toni Kroos providing the pressure in behind them. The Brazilian international has made a total of 315 appearances in the league and Champions League for Real Madrid. He has scored 25 goals and assisted 23 others. Marcelo: For Real Madrid, central midfield is the core of the team. There are three players that are fundamental – David de Gea, Isco and Toni Kroos. All three play the same game, in the same way. They will set the rhythm and the team's attacking tempo. The importance of Modric is that he always finds space to receive the ball and receive it well. I have known him since he was very young. I taught him so I know he is a player who needs the ball and likes to shoot on goal. Marcelo: I played with other captains and players like Xavi, Iniesta, Busquets and Messi who are a greater leader. I respect all players who play to their strengths and are involved in the dynamic. Cristiano Ronaldo celebrates after scoring the opener. Real Madrid 11/24/2016: Cristiano Ronaldo bc9d6d6daa
