Photoshop is very flexible and professional, but may be very complicated for a beginner or hobbyist. Photoshop Elements is meant for the more casual photographer and craftsman. For beginner Photoshop users, learning how to use Photoshop Elements can help you become a better at editing and enhancing. For hobbyists and pro photographers, learning how to use Photoshop Elements can benefit you with that extra step of sharpening your skills. 1. Control the Exposure of Your Image with the Exposure Slider Open Photoshop Elements by either going to the Applications folder on your hard drive or to the menu bar and clicking on Photoshop Elements. Opening Photoshop Elements is very similar to opening Photoshop. Click on File (left side menu) – then on New. The window shown will look similar to the window shown below in Figure 1. Figure 1: Window for Photoshop Elements Click the white arrow at the bottom center of the window to display the properties of your image. This is where you can control the Exposure and other important aspects. The Exposure slider, shown in Figure 2, is located in the middle of the image window. It allows you to increase or decrease the exposure of your image, or add more or less brightness to your picture. Figure 2: The Exposure Slider Step 1 Double-click anywhere on the image to select it. Step 2 Click the Exposure slider and drag it to the left (toward the white) to decrease the Exposure. Step 3 Click the Exposure slider and drag it to the right (toward the black) to increase the Exposure. Step 4 Click the image when you reach your desired Exposure. To check your Exposure, click the image and then go to the Content tab. Your image is now properly exposed. With this method, you can easily expose, darken, or brighten your image with ease. 2. Create a New Adjustment Layer Create a new layer called Adjustment with a white fill using the Magic Wand tool. We will make adjustments to the brightest and darkest areas of the image. The Magic Wand tool is located in the upper left of the layer window. Click the white arrow at the bottom of the window and click on Magic Wand. Step 1 Click the Magic Wand tool and click on the small, white crosshairs at the center of the image. Step 2 The Magic Wand tool will highlight 05a79cecff

Q: Change UIButton custom animation behaviour without repeat I would like to change the button's custom animation from repeat to run only once. I tried to set the changeDuration parameter to 0, but the button remains unchanged after completing the animation. Here is the code: if button.selected == true { self.image = UIImage(named: "searchicon")?.resizableImageWithCapInsets(UIEdgeInsetsMake(5, 5, 5, 5), resizingMode:.fast) self.accessoryView.accessoryType =.disclosureIndicator let imageAnimation = UIImageView(image: self.image) imageAnimation.frame = button.frame imageAnimation.contentMode =.scaleAspectFit imageAnimation.alpha = 0.5 imageAnimation.isUserInteractionEnabled = true button.layer.addSublayer(imageAnimation.layer) UIView.animateWithDuration(0.1, delay: 0, options:.beginFromCurrentState, animations: { self.button.alpha = 1 }) { _ in self.button.layer.removeAllAnimations() self.button.layer.addSublayer(self.imageAnimation.layer) } } else { self.image = UIImage(named: "searchicon")?.resizableImageWithCapInsets(UIEdgeInsetsMake(5, 5, 5, 5), resizingMode:.fast) self.accessoryView.accessoryType =.disclosureIndicator button.layer.addSublayer(self.accessoryView.layer) UIView.animateWithDuration(0.1, delay

"We're only doing the majority of our work over 400m." Frasers refused to be drawn on an apology for the tactics utilized in the race, or to comment on whether she felt the tactics came under scrutiny, saying she did not know the full information of the race. "I'm not going to talk about it because it wouldn't matter," she said. "I haven't really spoken to anybody about the race, I haven't spoken to anyone about the race, or what happened, who said what, I don't know." Frasers said a filly ran nearby and tried to run between the pair, and it appeared that both horses did not like the filly. The winner also received a slap on the haunches, which most horses don't receive, she added.Ashley & John His bio: Ashley with her husband John's childhood sweetheart, Sami.
